

## Chapter 12

### COMMERCIAL AND INDUSTRIAL DISTRICTS

#### Sections:

**16-12-010 Purpose.**

**16-12-020 Codes and Symbols.**

**16-12-030 Use Regulations.**

#### **16-12-010 Purpose.**

1. Commercial Buffer District, CB. To provide areas for appropriate transitions of commercial uses.
2. Neighborhood Commercial District, C-N. To provide areas in appropriate locations where convenience buying outlets may be established to serve surrounding residential neighborhoods. The regulations of this district are designed to promote a combination of retail and service facilities which in character and scale are necessary to meet day-to-day needs of area residents.
3. Commercial Shopping District, C-S. To provide areas in appropriate locations where a combination of businesses, commercial, entertainment, and related activities may be established, maintained and protected. The regulations of this district are designed to promote and encourage the development of comparison shopping centers.
4. Highway Commercial District, C-H. To provide areas in appropriate locations adjacent to highways or major streets where activities dependent upon or catering to thoroughfare traffic and the traveling public may be established, maintained, and protected. The regulations of this district are designed to encourage harmony between traffic needs and centers for retail commercial, entertainment, automotive facilities, and other appropriate highway-related activities.
5. General Commercial District, C-G. To provide areas in appropriate locations where a combination of business, commercial, entertainment, and related activities may be established, maintained and protected. Regulations of this district are designed to provide a suitable environment for those commercial and service uses which are vital to economic life, but some of which would be intrusive and disruptive in a shopping center type of commercial development.
6. Manufacturing - Distribution District, M-D. To provide areas in appropriate locations where light manufacturing, industrial processes and warehousing not producing objectionable effects may be established, maintained, and protected. The regulations of this district are designed to protect environmental quality of the district and adjacent areas.
7. General Industrial District, M-G. To provide for areas in appropriate locations where heavy industrial processes necessary to the economy may be conducted. The regulations of this district are designed to protect environmental quality of the district and adjacent areas.

#### **16-12-020 Codes and Symbols.**

In following sections of this chapter, uses of land or buildings which are allowed in various districts are shown as "permitted uses," indicated by a "P" in the appropriate column, or as "conditional uses," indicated by a "C" in the appropriate column. If a use is not allowed in a given district, it is either not named in the use list or it is indicated in the appropriate column by a dash, "-." If a regulation applies in a given district, it is indicated in the appropriate column by a numeral to show the linear or square feet required, or by the letter "A." If the

regulation does not apply, it is indicated in the appropriate column by a dash, "-."

**16-12-030 Use Regulations.**

No building, structure or land shall be used and no building or structure shall be hereafter erected, structurally altered, enlarged or maintained in the commercial and industrial districts except as provided in this Code. Accessory uses and buildings customarily incidental to uses authorized by conditional use permit in any district are also authorized by issuance of a conditional use permit in any such district. Temporary uses as defined in this Code are authorized in any district upon issuance of a conditional use permit for the same.
